Model: TRICAST

TRICAST

3-in-1 Android TV + DVB Combo Set-Top Box

Stream apps, watch live terrestrial, satellite or cable TV, and mirror your screen from one compact entertainment hub.

Built for flexible viewing

TRICAST combines Android smart TV functionality with DVB-S2/T2/C reception, giving users one box for apps, live channels, EPG and PVR recording.

4K UHD

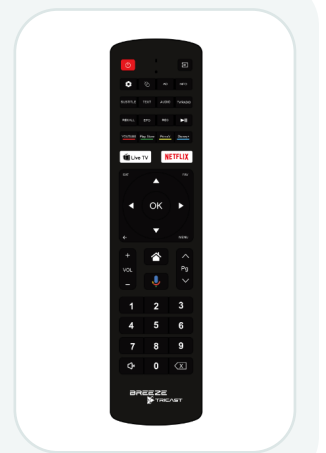

Android 14

Bluetooth

Dual-band Wi-Fi

DVB-S2/T2/C

EPG + PVR

Key selling points

- **One box, three viewing modes:** Android TV apps plus terrestrial, satellite and cable TV reception.
- **High-quality entertainment:** 4K UHD output with modern video codec support.
- **Live TV made easy:** EPG for programme schedules and PVR recording via USB storage.
- **Quick everyday control:** Bluetooth remote with app shortcut keys and voice assistant button.

What's in the box
